

## Summer Music Camp Offering Overview

*It is our belief that music empowers people and changes lives. Ethos Sound Music School provides campers with the opportunity to collaborate with others and find their artistic voice while promoting self-esteem, creativity, effective communication, respect for others, social skills and emotional expression. Our Music Camp consists of a 6 day experience designed to provide social interaction opportunities between young musicians and professional musicians. All camps will run 11:00AM-3:00PM, Monday through Saturday.*

Students participating should want to learn more about concepts in music. What you learn here will directly apply to all the music you will ever perform and study for years to come, not to mention general life lessons as well. Campers can expect to attend music workshops taught by professionals in their field(s), perform live with other peer musicians. On the first Monday of each week's session, We introduce the staff/counselors talking about what they do and then have the campers introduce themselves to the group. Repeat campers are encouraged and welcomed. Camps week to week are similar in structure but may include different topics depending on professional instructor availability.

**Content:** Topics explored during our camps include, but are not limited to:
